

FR 4000

#1 IN DURABILITY

Youngstown's **FR 4000** is a coated palm style work glove designed for flame resistance, cut resistance and superior dexterity and grip. The proprietary blend of yarns ensures a comfortable feel and flexibility while offering ANSI Cut 4 Protection. The glove is Arc Rated to 7.7 cal/cm². The proprietary APG biopolymer fire resistant coating combined with nitrile based chips enhances grip in both wet and dry conditions.

ARC RATING

7.7 cal/cm² according to ASTM F2675/F2675M-13

CUT RESISTANT

Level 4 according to ANSI/ISEA 105 scale

FLAME RESISTANT

exceeds industry standards according to ASTM D6413

**NO DRIP
NO MELT**

excellent heat resistance

PUNCTURE RESISTANT

ANSI Level 3

PALM

no drip no melt textured coating

GREAT GRIP

especially in oily conditions

LINER

quad-helix advance composite yarn: glass fiber, para-aramid, mod acrylic and FR wool

SIZING

S - 2XL

PART #

12-4000-60-[size]

ANSI Cut Level 4

Excellent Grip in Oily Conditions

Superior Dexterity
